### A002 Pollution Liability Reinsurance

The Washington Pollution Liability Insurance Program makes pollution liability insurance available and affordable to the owners and operators of regulated petroleum underground storage tanks by serving as the reinsurer of private-sector insurance policies. Availability of reinsurance allows tank owners and operators to comply with the financial responsibility regulations of the federal Environmental Protection Agency and the Washington State Department of Ecology. This program is funded entirely by special taxes on petroleum products. (Pollution Liability Insurance Program Trust Account-State)
